# Weekly Newsletter

## Upper Juniors

Dear Parents and Carers,

Let's find out what our children have been getting up to this week...

### Indigo Class Assembly

This morning, the children in Indigo class held their class assembly, where they performed their very own version of Wonder (a story studied by the children which they love very much). Hours of practice all paid off when the children performed 'wonder'fully – singing, dancing, acting, lights...it had it all! It really was like a West End version of the story. If you weren't able to watch it this morning, please check out the video on our class blog. A huge well done Miss Home and to all of her children for a truly fantastic assembly.

### Number week.

It's back. And this time it's numerical.

That's right, folks, Number Day has once again been and gone and what a great turnout of costumes we had. It's great to see Years 5 and 6 putting in such an effort.

Today, the children focused on perimeter and area (we couldn't help but make a tenuous link to the dreaded you-know-what's), but we hope we succeeded in making it fun.

### Maths Problem of the Week!

To see our problem of the week, visit our school website, select 'Maths News' and click on the first link. Remember to leave your name and answer for a chance to win a prize!

### Fantastic Footballers!

Yet another successful week for our girls' and boys' football teams with two comprehensive victories against Drayton Park. The boys ran out 3-0 winners whilst the girls recorded an astounding 9-0 victory. A super effort by all players. Special mention must go to players of the match: Duang Arop and Tiannah Cameron.

### Upcoming dates for your diary:

Tuesday 6th February	Year 5 author visit at Highgate School.
Friday 9th February	The children finish at 3.15pm for half term.

### Congratulations to our Stars of the Week!

Have a lovely weekend,

The Upper Juniors Team
