

Dear Parents/carers,

Welcome to our new weekly newsletter, where we will keep you updated with what has been happening in Year 5 and 6 throughout the week.

You will also find information about upcoming events to look forward to.

### Indigo Class Prayer Service

This week, Indigo Class held their prayer service and were delighted to be joined by so many parents and carers. They shared their learning on the history and symbols of Advent. The children worked incredibly hard to put the prayer service together; they even decided themselves to decorate their own class Jesse tree. Thank you to all the parents who came!

### Virtual Reality!

This week, Year 6 travelled inside the circulatory system of the human body with the help of a pair of VR (Virtual Reality) goggles. Year 6 learnt some mind-boggling facts about the human body, whilst they journeyed through veins and arteries. This really is the future!

### Stay and Learn!

Next Friday, we will be launching our first 'Stay and Learn' session in Year 5 and 6. Parents are invited to join their children in the classroom to take part in some learning activities, with a focus on reading. Please see the Stay and Learn letter for more details.

Year 5 Reminder: Please continue to send in junk modelling materials for our Mission to Mars Project. Also, please send in small jam jars for our Christmas Fair crafts. Thank you in advance!

### Upcoming dates for your diary:

Sunday 3rd December	First Sunday of Advent Year 6 Readers at 10am mass at St. Joseph's Church
Monday 4th December	KS1 and KS2 Advent assemblies—please join us in the KS2 Hall
Thursday 7th December	Choir performance at the Whittington Hospital
Friday 8th December	<b>Stay and learn</b> for Year 5 and 6 8:40 – 9:15 Christmas Fair

### Congratulations to our Stars of the Week!

Have a lovely weekend,

Mr Prescott & the Upper Juniors Team
