# prospectus

## **Mexico and the Mayans Year 5**

## **Essential Knowledge**

### By the end of this unit children will know...

- Use different sources of research e.g. books, pictures, artefacts, internet to find out about Mexico and the Mayans.
- Describe and understand the similarities and differences between Mexico and the UK.
- Describe and understand the terms HUMAN and PHYSICAL geography.
- Use maps, atlases and globes to name and locate countries and cities of the world.
- Know where to place the Ancient civilization of the Mayans in time.
- Describe the legacy of the Ancient Mayan civilization.

#### Launch

#### Visits and experiences:

Hold a Mexico day in school.

Children wear colours of Mexican flag.

Children prepare and taste Mexican food.

Children to learn a Mexican dance.

## **Explore**

#### **Explore the Mayans**

Who were the Mayans?
When did they live?
Where did they live?
What did they look like?
Why did they disappear?

## **Energise**

#### **Energising session**

Design and make Mayan inspired masks and hats.

Have a fashion show of Mayan designs in front of an invited audience.

### **Celebrate**

#### **Come and Share Afternoon**

Invite parents and carers into school for a celebration event (an assembly or exhibition):

Year 5... present 'Our learning on Mexico and the Mayans'

## **Core Subjects:**

Links to theme

## **English**

- Write a historical diary entry— 'day in the life of...'
- Write their own version of a myth or legend.
- Write a newspaper article on Mayan sacrifice.
- Write a travel guide for visiting Mexico.

#### **Mathematics**

#### **Money**

 Children solve problems involving budgeting and money linked to holidaying in Mexico.

#### **Measurement**

- Calculate distances in kilometers.
- Solve problems involving time zones and GMT.

#### **Science**

 Investigate how materials are used to keep people cool in a hot country.

## **Mexico and the Mayans Year 5: Theme Content**

## **Personal Development**

## **Spiritual**

Children will have a sense of enjoyment and fascination in learning about themselves, others and the Ancient Mayan world.

#### Moral

Children will show an interest in investigating, and offering reasoned views about, moral and ethical issues concerning the Ancient Mayans.

#### **Social**

Children will communicate and negotiate with others through their collaborative learning in pairs and small groups.

#### **Cultural**

Children will be willing to participate in, and respond to, for example, artistic, musical, sporting, mathematical, technological, scientific and cultural learning about Mexico and the Mayans.

## **Foundation Subjects**

### History, Geography and Citizenship

#### **History:**

- To research the Ancient civilisation of the Mayans (Ad 900).
- To evaluate historical opinions as to why the Mayans 'disappeared.'

#### **Geography**:

- Map Skills Locating cities and countries of the world.
- Map Skills Identify lines of latitude and longitude.
- Compare the UK and Mexico.

#### Citizenship:

• To learn about the systems and forms of government in Mexico.

## **Art and Design and Design Technology**

- Design and make a Mayan inspired mask.
- Prepare and cook Mexican food.

## **Music, Languages and Physical Education**

- Compose and perform music to accompany a Mayan ritual.
- Compose and perform their own Mayan dance.

### **Computing**

• Use and search the internet effectively and safely.

## **Mexico and the Mayans Year 5: Links to National Curriculum Framework**

## **Core Subjects:**

## **English**

- Distinguish between statements of fact and opinion.
- Retrieve, record and present information from non-fiction.
- Identify the audience for and purpose of the writing, selecting the appropriate form and using other similar writing as models for their own.
- Use further organisational and presentational devices to structure text and to guide the reader.

#### **Mathematics**

- To solve problems by applying their mathematics to a variety of routine and non-routine problems.
- To break problems into a series of simpler steps.
- Convert between different units of metric measure (e.g. gram and kilogram).
- · Solve problems involving converting between units of time.

#### **Science**

- Compare and group together everyday materials on the basis of their properties, including their hardness, solubility, transparency, conductivity (electrical and thermal), and response to magnets.
- Give reasons, based on evidence from comparative and fair tests, for the particular uses of everyday materials, including metals, wood and plastic.

## **Foundation Subjects**

### History, Geography and Citizenship

- Study a non-European society that provides a contrast with British history (Mayan civilization AD 900).
- Note connections, contrasts and trends over time and develop the appropriate use of historical terms.
- Understand our knowledge of the past is constructed from a range of sources.
- Develop a chronologically secure knowledge and understanding of British, local and world history.
- Use maps, atlases and globes and digital / computer mapping to locate countries and describe features studied.
- Identify the position and significance of latitude, longitude, the Greenwich Meridian and Time zones.
- Describe and understand key aspects of physical and human geography.

### **Art and Design and Design Technology**

- To create sketchbooks to record their observations and use them to review and revisit ideas.
- To improve their mastery of art and design techniques, including drawing, painting and sculpture with a range of materials.
- Understand and apply the principles of nutrition and learn how to cook.
- Select from and use a wider range of materials and components, including ingredients, according to their functional properties and aesthetic qualities.

### Music, Languages and Physical Education

- Perform, listen to, review and evaluate music across a range of historical periods.
- Improvise and compose music for a range of purposes using the internet related dimensions of music (pitch, duration, dynamics, tempo, timbre, texture and structure).
- Perform dances using a range of movement patterns.
- Apply and develop a range of skills and link them to make actions and sequences of movement.

## Computing

 Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content.

## Mexico and the Mayans Year 5: Assessment Opportunities/Tasks within Theme

## **Core Subjects**

### **English**

- Children will use persuasive language in their—'Visit Mexico' poster.
- Children will write a diary entry which contains relevant historical information.
- Children will write a myth which is consistent with the Mayan legends.
- Children will write a newspaper article which contains relevant information about Mayan sacrifice.

### **Mathematics**

- Children will identify and obtain necessary information to carry through a task and solve mathematical problems, e.g. recognise information that is important to solving the problem.
- Children will use their knowledge of time zones to work out journey times around the world.

#### **Science**

- Children will describe the differences between the properties of different materials.
- Children will use their knowledge of thermal conductors to plan an investigation on materials.

## **Foundation Subjects**

## History, Geography and Citizenship

- Children will use documents, printed sources (e.g. archive materials) the Internet, pictures, photographs, music, artefacts, to collect evidence about the past.
- Children give their own reasons why changes may have occurred, backed up by evidence they have researched.
- Children will use the contents and index pages of an atlas to find Mexico and other places quickly.
- Children will use their knowledge of lines of latitude and meridian of longitude to find and locate places.

## **Art and Design and Design Technology**

- Children can explore ideas and collect visual and other information to help to develop their work - Mayan mask.
- Children will demonstrate that they work in a safe and hygienic way with food.

## Music, Languages and Physical Education

- Children will create music, which reflects given intentions and uses notations as a support for performance.
- Children are creative and imaginative in composing their own dances.
- The dance created by children will match the mood of the accompanying music.

### **Computing**

Children will demonstrate that their understand how to search the internet safely.
